Taliesin West is a National Historic Landmark nestled in the desert foothills of the McDowell Mountains in Scottsdale, AZ. Wright's beloved winter home and the bustling headquarters of the Taliesin Fellowship, was established in 1937 and diligently handcrafted over many years into a world unto itself. Deeply connected to the desert from which it was forged, Taliesin West possesses an almost prehistoric grandeur. It was built and maintained almost entirely by Wright and his apprentices,

making it among the most personal of the architect's creations. Visit website for tour times and costs. Advanced reservations are required.
